Who We Are
Catalyst for your Business

Catasta Technologies: Your Mobile App Development Partner

At Catasta Technologies, we are passionate about transforming innovative ideas into exceptional mobile experiences.

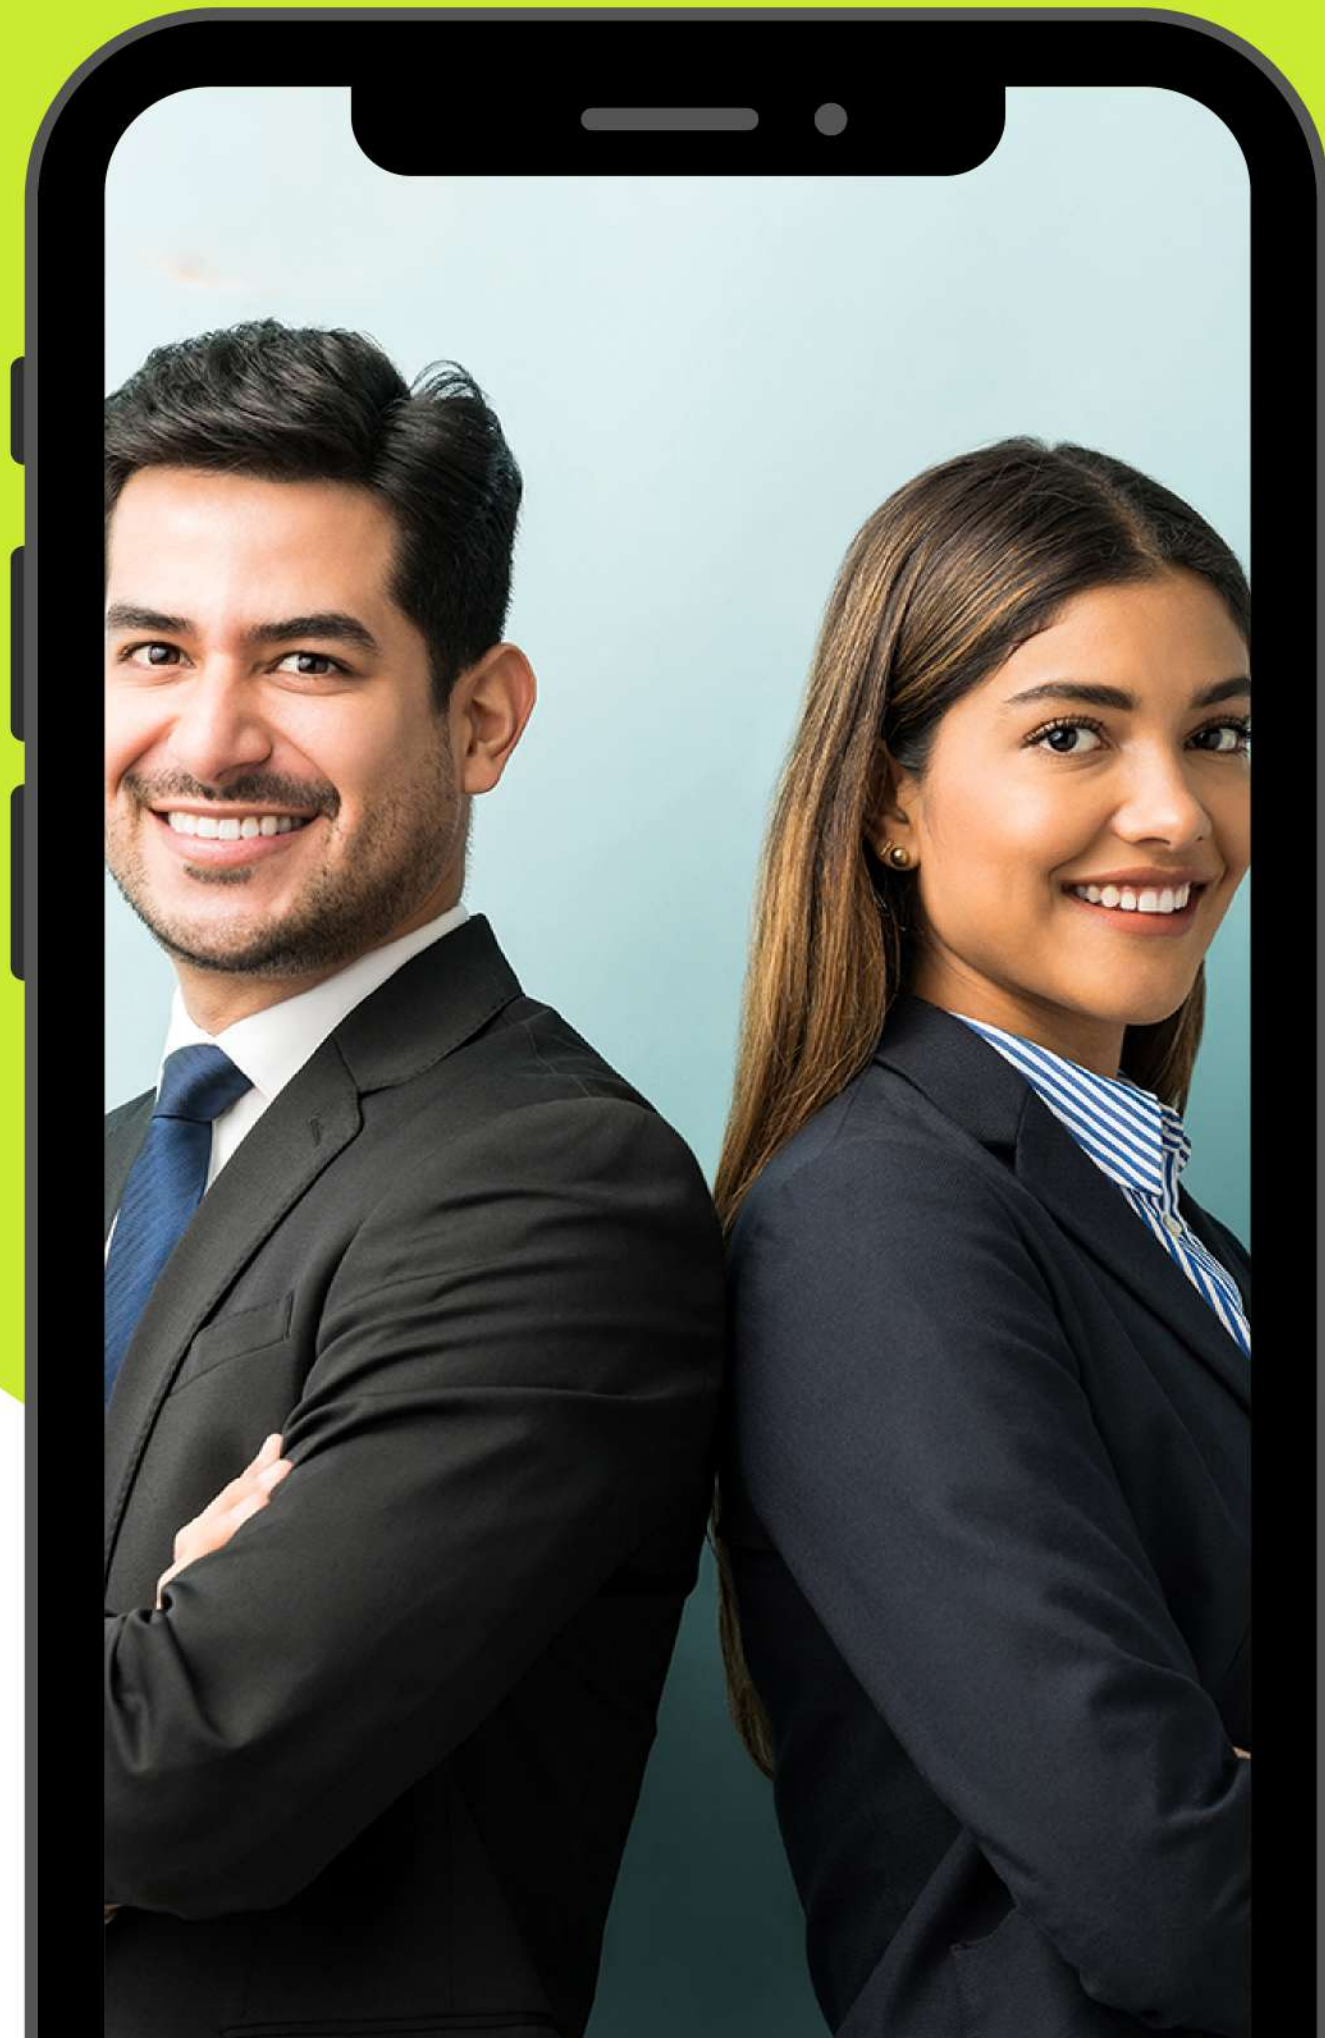

As a leading mobile app development company, we specialize in solving or realizing your spark of ideas / business pain points / operational challenges into cutting-edge solutions that empower businesses and individuals to thrive in the digital realm.

Our experiences include the development of huge end to end Mobile app based systems for "Restaurant Food ordering", "Grocery ordering" and "Beauty Salon Service Booking".

Our Story

Catalyst for your Business

Catasta Technologies: Our Story

Catasta Technologies was founded by Jais Joy in 2015 primarily with the vision of bringing ideas into great solutions and began its journey with a clear mission - to revolutionize the mobile app development landscape by being a catalyst for businesses and innovative ideas.

Our first idea was an augmented reality marketing tool called DreamHomez. Later We did QFood for restaurant food ordering. We did a client project for a grocery app development and Our latest product is Stylistz which is a 'Beauty Salon Service booking" mobile app-based system.

Our Mission & Values
Catalyst for your Business

Catasta Technologies: Our Mission & Values

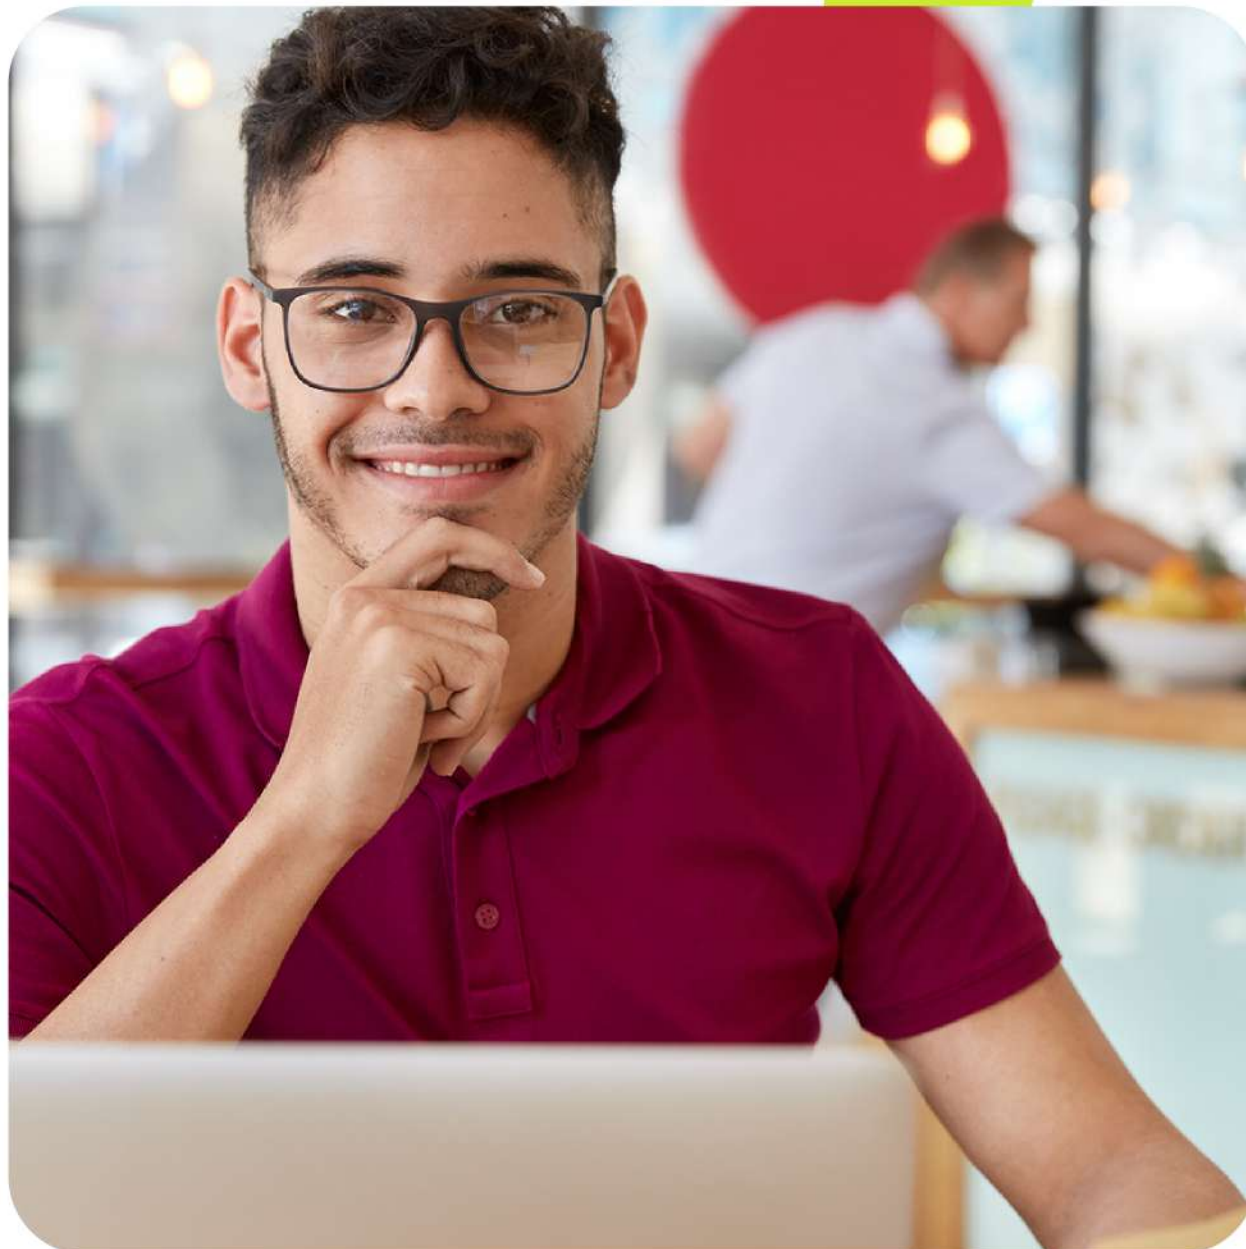

We believe every human being has a purpose, talent, and goodness to contribute to this world. They need a helping hand, support, and a fair and stress-free environment to deliver their gifted talent for a cause (big or small).

At Catasta, we strive to bring out the best of our abilities and talent so that our work and deliverables become a true catalyst for your business, vision, and mission. We want every connected party, small or big, employee, partners and investors to be in high spirits and to have complete trust in the work that we do together.

Catasta Technologies: Our Mission & Values

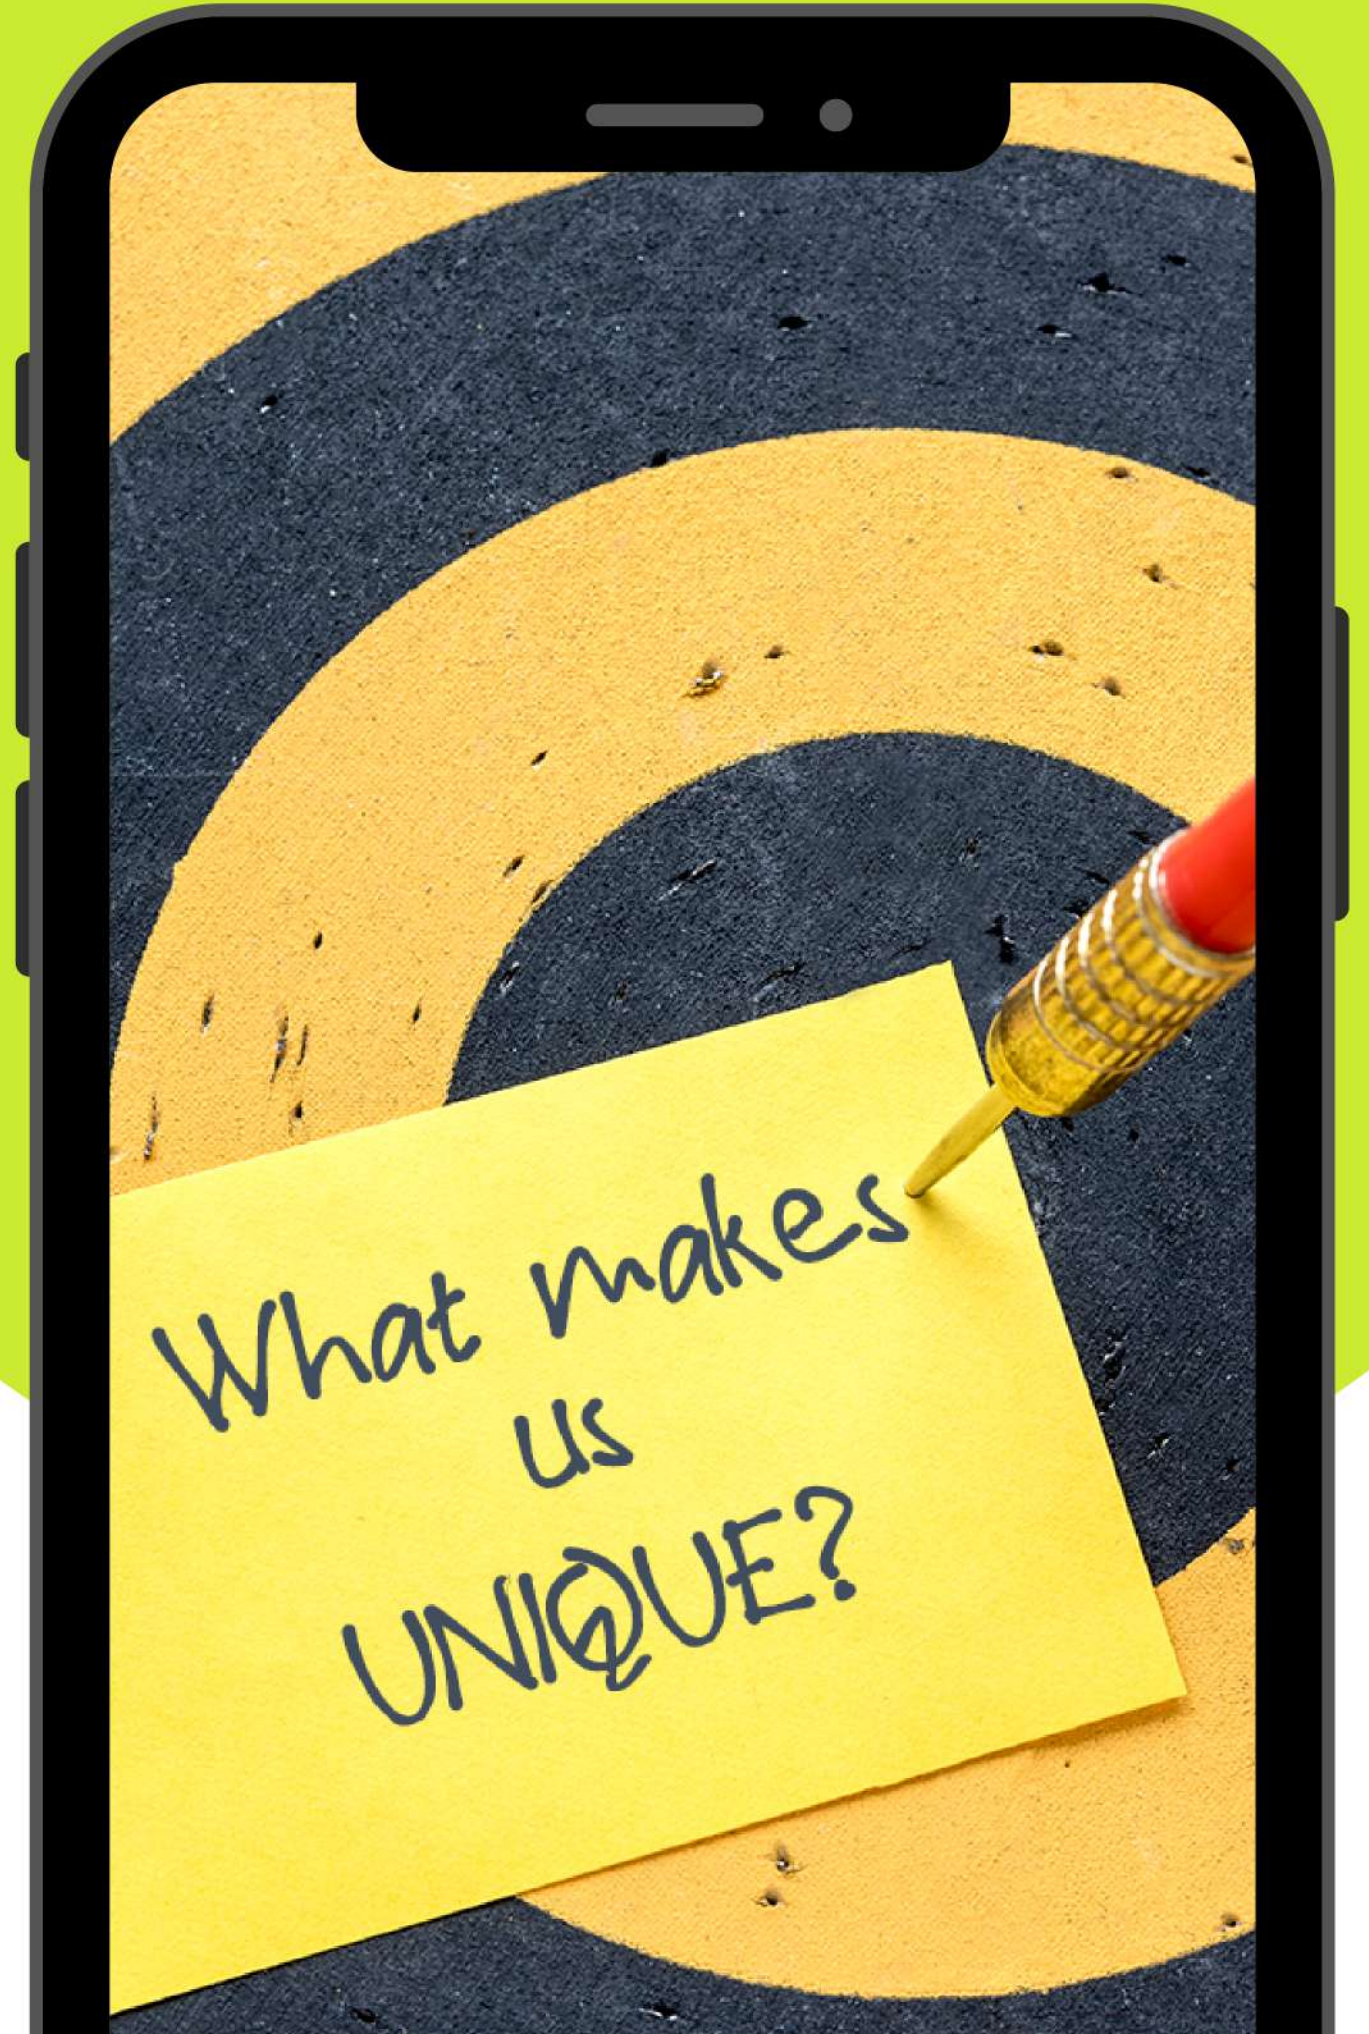

We will try to think simple and straight, work simpler, be more pleasant, and be more productive as much as we can.

We are looking for deserving and win-win fare deals with every party connected rather than the best deals.

What Sets Us Apart

Catalyst for your Business

Catasta Technologies: What Sets Us Apart

Our Expertise

Our talented team of developers, designers, and strategists brings together a diverse range of skills, ensuring we can handle projects of any complexity.

From Android to iOS, from native to cross-platform, we've got you covered. In certain typical scenarios, there would be pretty complex back-end systems behind mobile apps. We do end-to-end 360 degree development in all such scenarios.

We have the expertise to build all supporting software systems which feed information to mobile apps.

Catasta Technologies: What Sets Us Apart

Our Expertise

Catasta Technologies: What Sets Us Apart

Tailored Solutions

We understand that every business has unique needs. We listen to that first. We visualize it through our UX designs from our UX designers. We do it by iteration so that we capture all you have in mind and also help you to derive new ideas.

We start development after this exercise. We do our best to customize our mobile app development services to suit your specific goals and budget.

Catasta Technologies: What Sets Us Apart

User-Centric Design

We believe that the success of an app lies in its ability to engage users seamlessly.

Our design philosophy revolves around creating intuitive, aesthetically pleasing interfaces that guarantee an exceptional user experience.

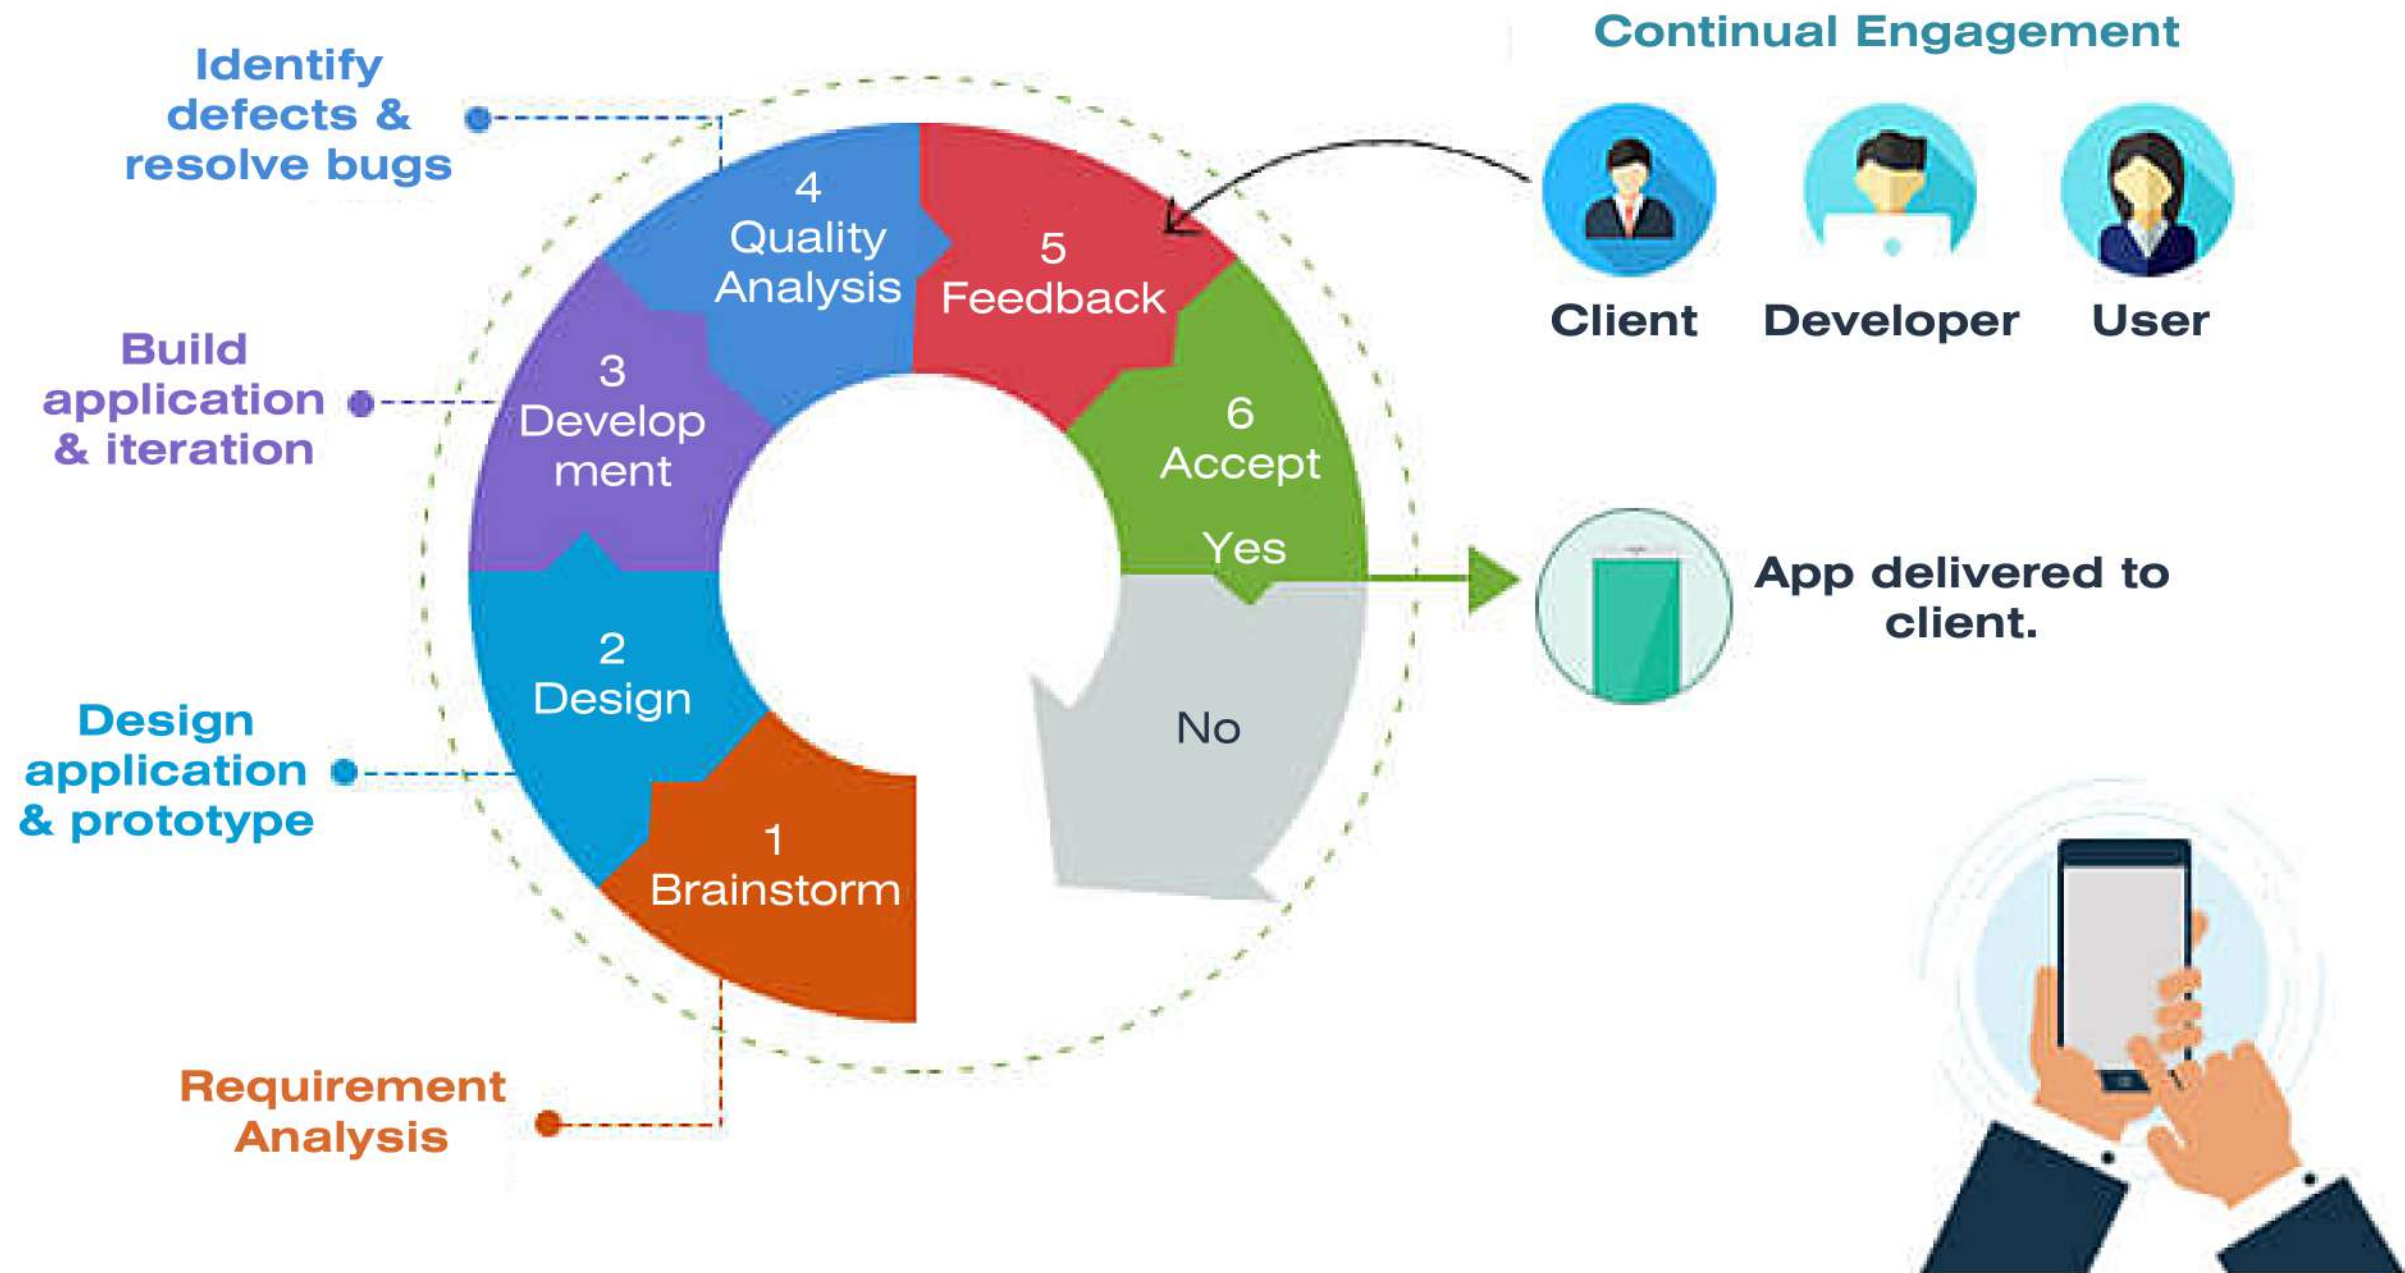

Catasta Technologies: What Sets Us Apart

Agile Methodology

Time is of the essence in today's fast-paced world.

Our agile development process ensures that your app reaches the market faster without compromising on quality.

Catasta Technologies: What Sets Us Apart

Client Collaboration

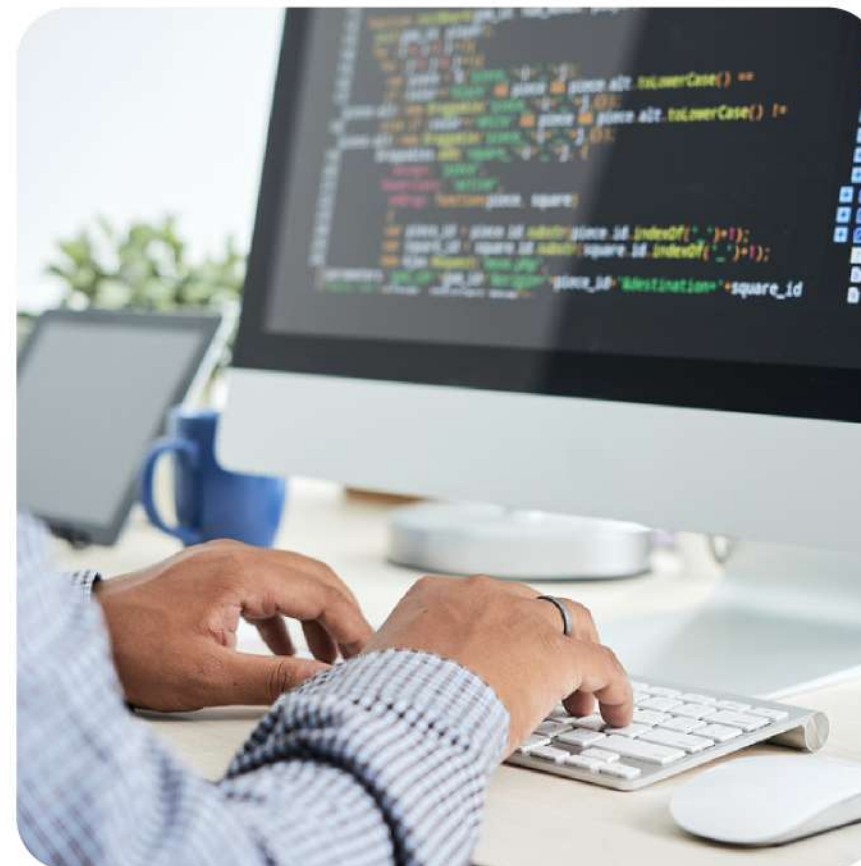

We believe in open communication and value the input of our clients. Throughout the development process, we work closely with you, keeping you informed and involved every step of the way.

Catasta Technologies: What Sets Us Apart

Beyond Mobile App Development

We have a pool of talent to do any software development even beyond mobile app development.

Why Choose Us
Catalyst for your Business

Catasta Technologies: Why Choose Us

Give us a spark of an idea, we will build that idea into a foolproof feasible idea and build it for you.

Unwavering Commitment: Our team is committed to delivering excellence and exceeding your expectations. We go the extra mile to ensure that your software not only meets industry standards but stands out from the competition.

We do what we say: We do UX design based on your idea or requirement. Once we mutually agree, this becomes a contract and we achieve it for you.

G2's 2021 Best
Software Awards

Here is one more reason why you should choose us:

We have been rated "Top Rated Plus" on [upwork.com](https://www.upwork.com), which means among the top 3% in the world. A Top Rated Plus Badge is defined as follows:

"To earn a Top Rated Plus badge, you must display proven success on large or long-term contracts. You will have built a strong reputation on Upwork by getting positive feedback time after time, including work on high-value contracts. If you become Top Rated Plus, you will represent the top 3% of performers on Upwork. You worked hard to get here, so we want to help you show it off."

Catasta Technologies: Why Choose Us

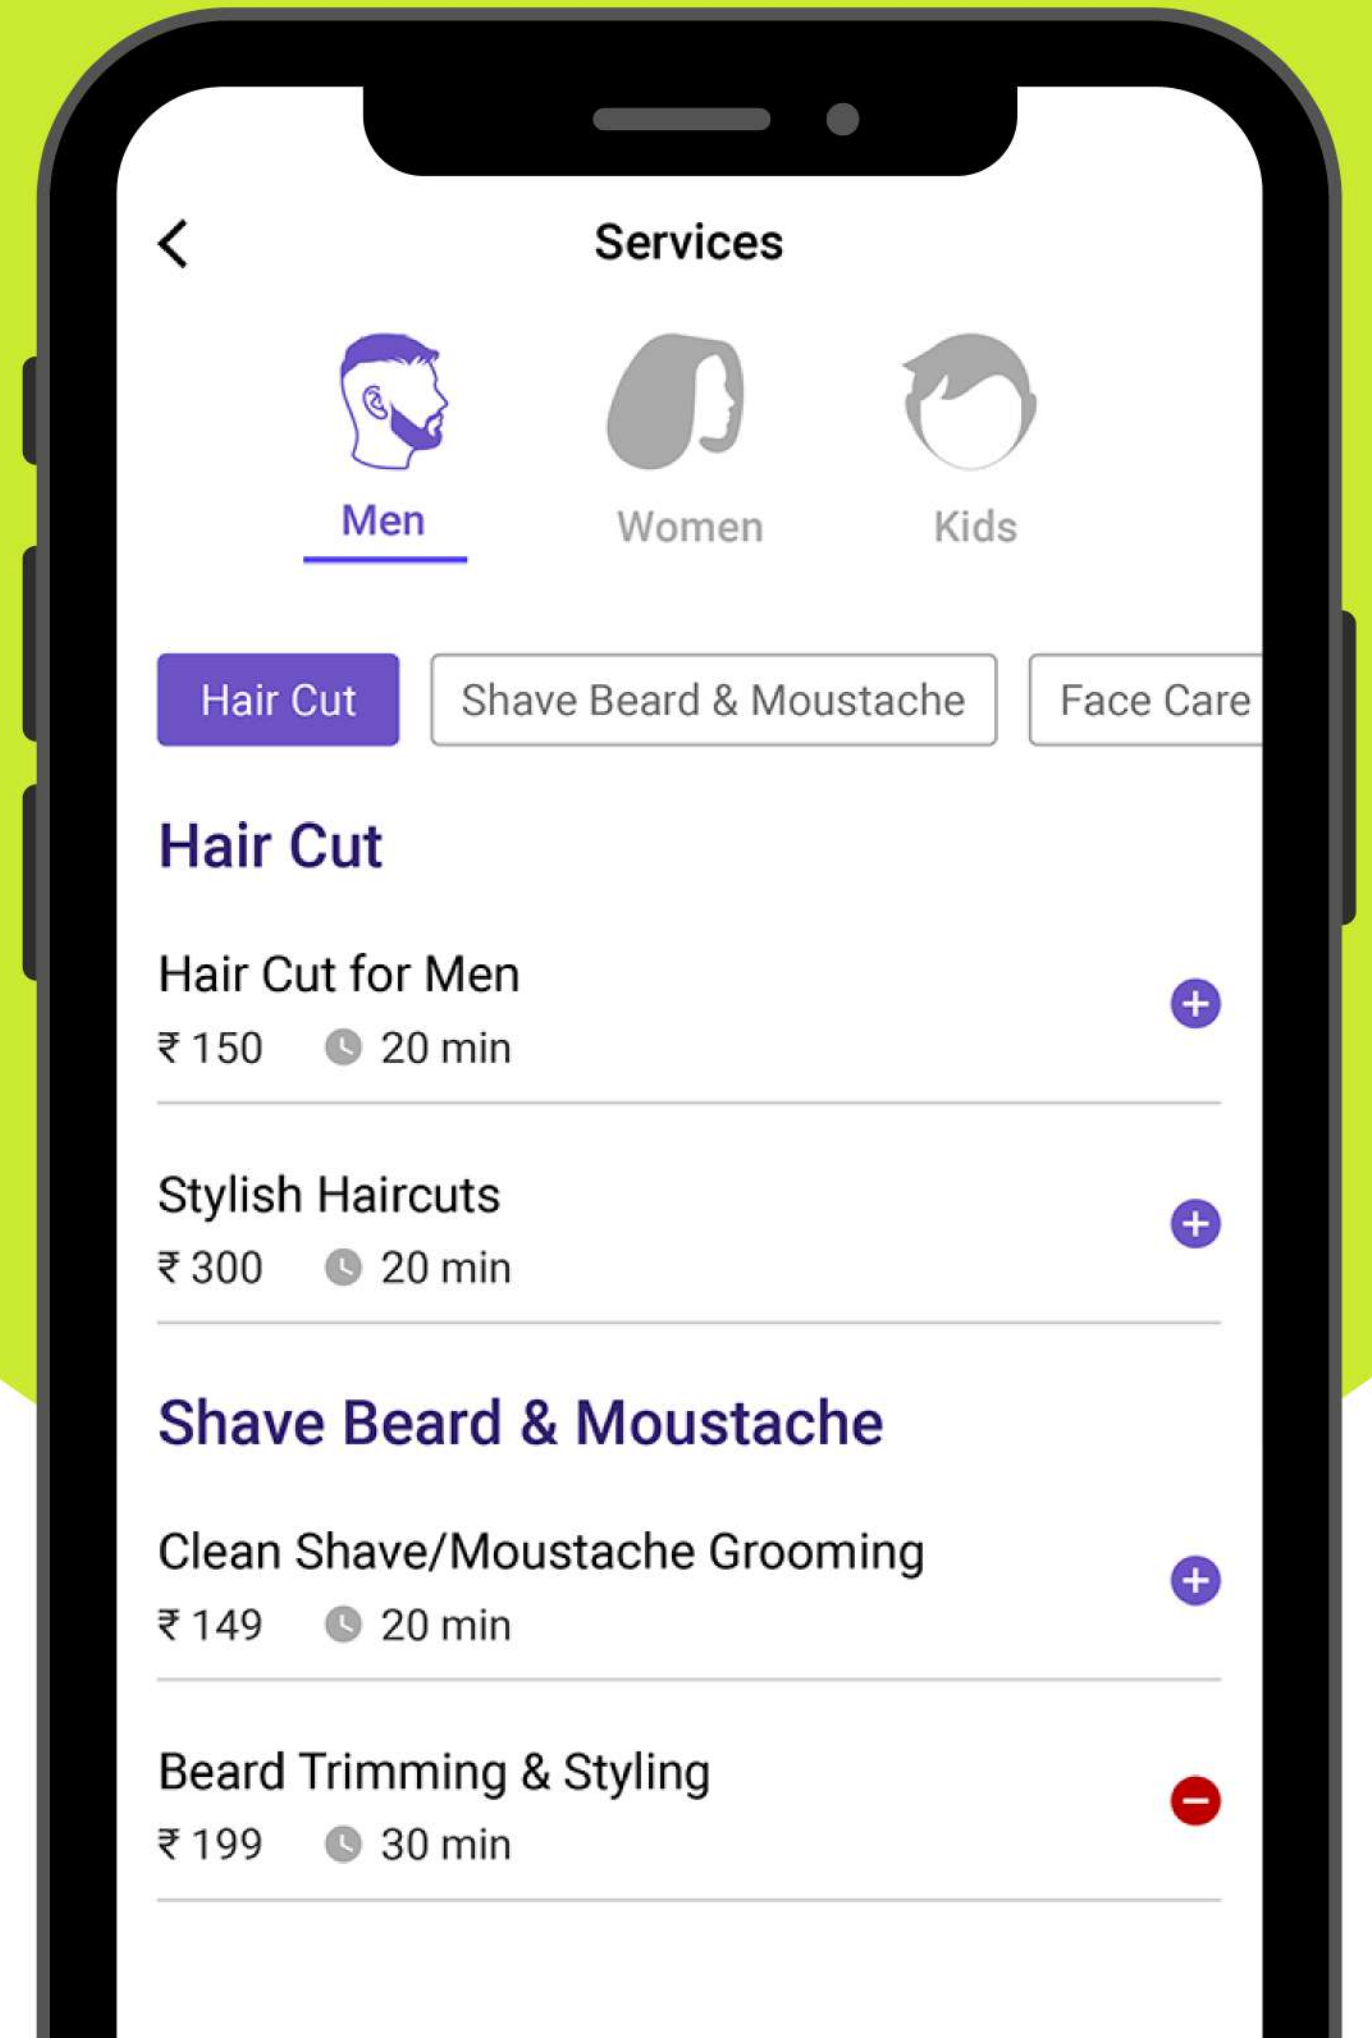

At Catasta Technologies, we believe in the power of innovation and the limitless possibilities of IT.

Let us be your trusted software development partner, and together, we'll bring your vision to life.

Our Portfolio

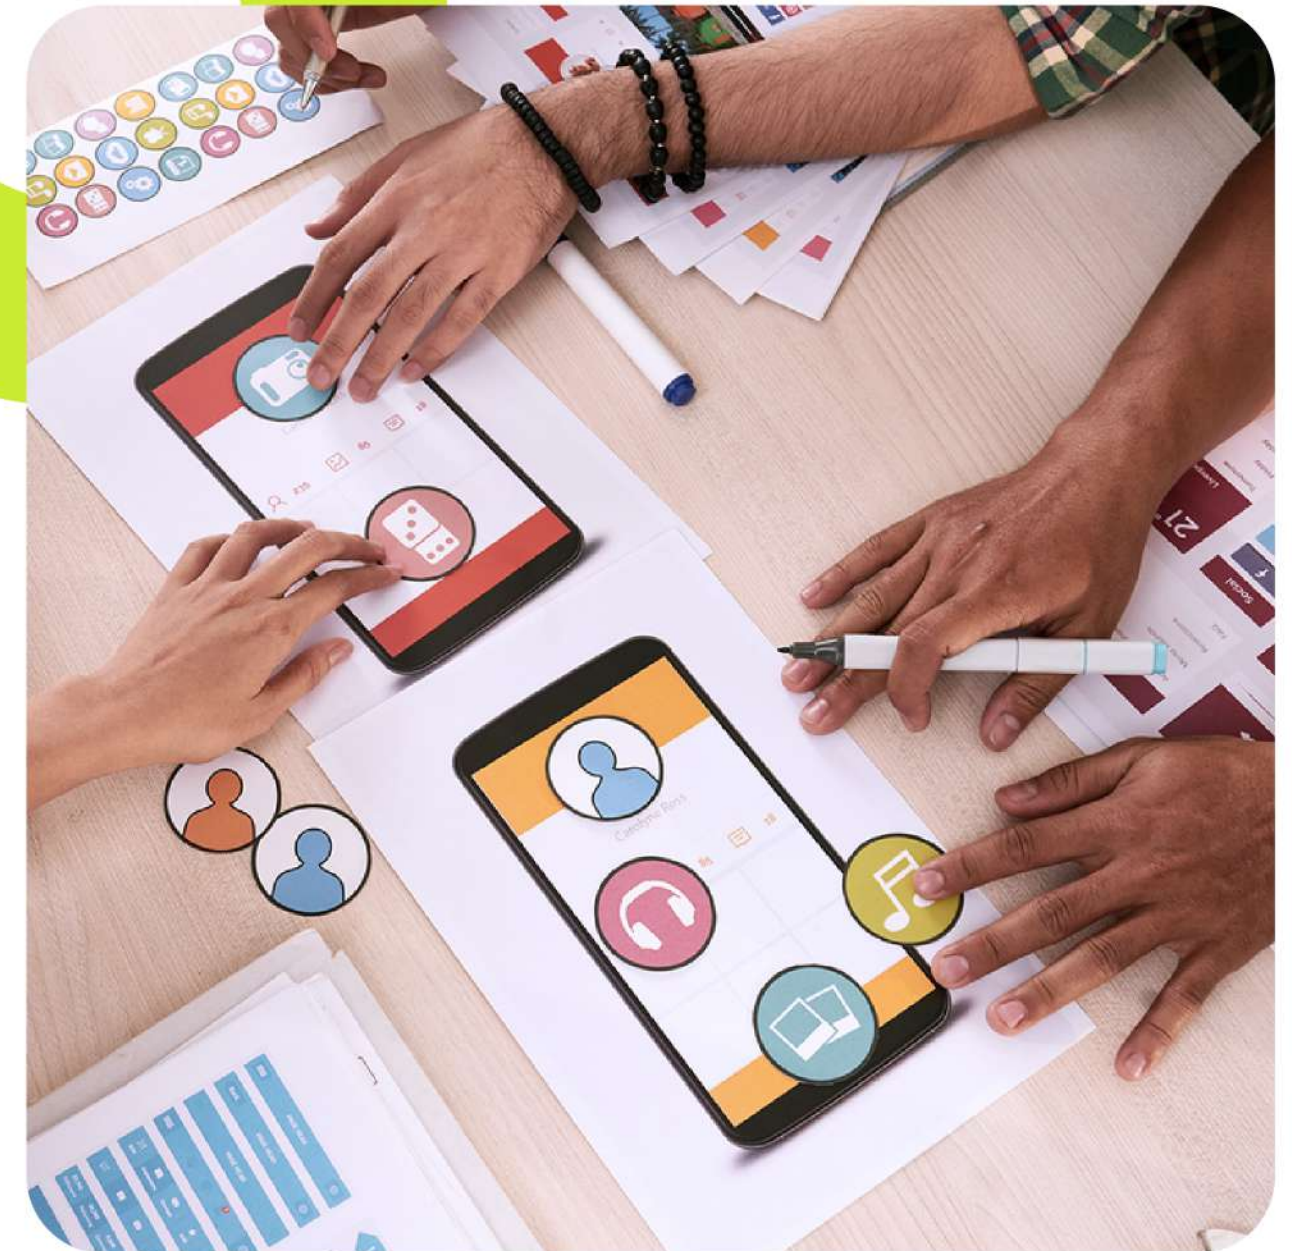

Catalyst for your Business

Catasta Technologies: Our Portfolio

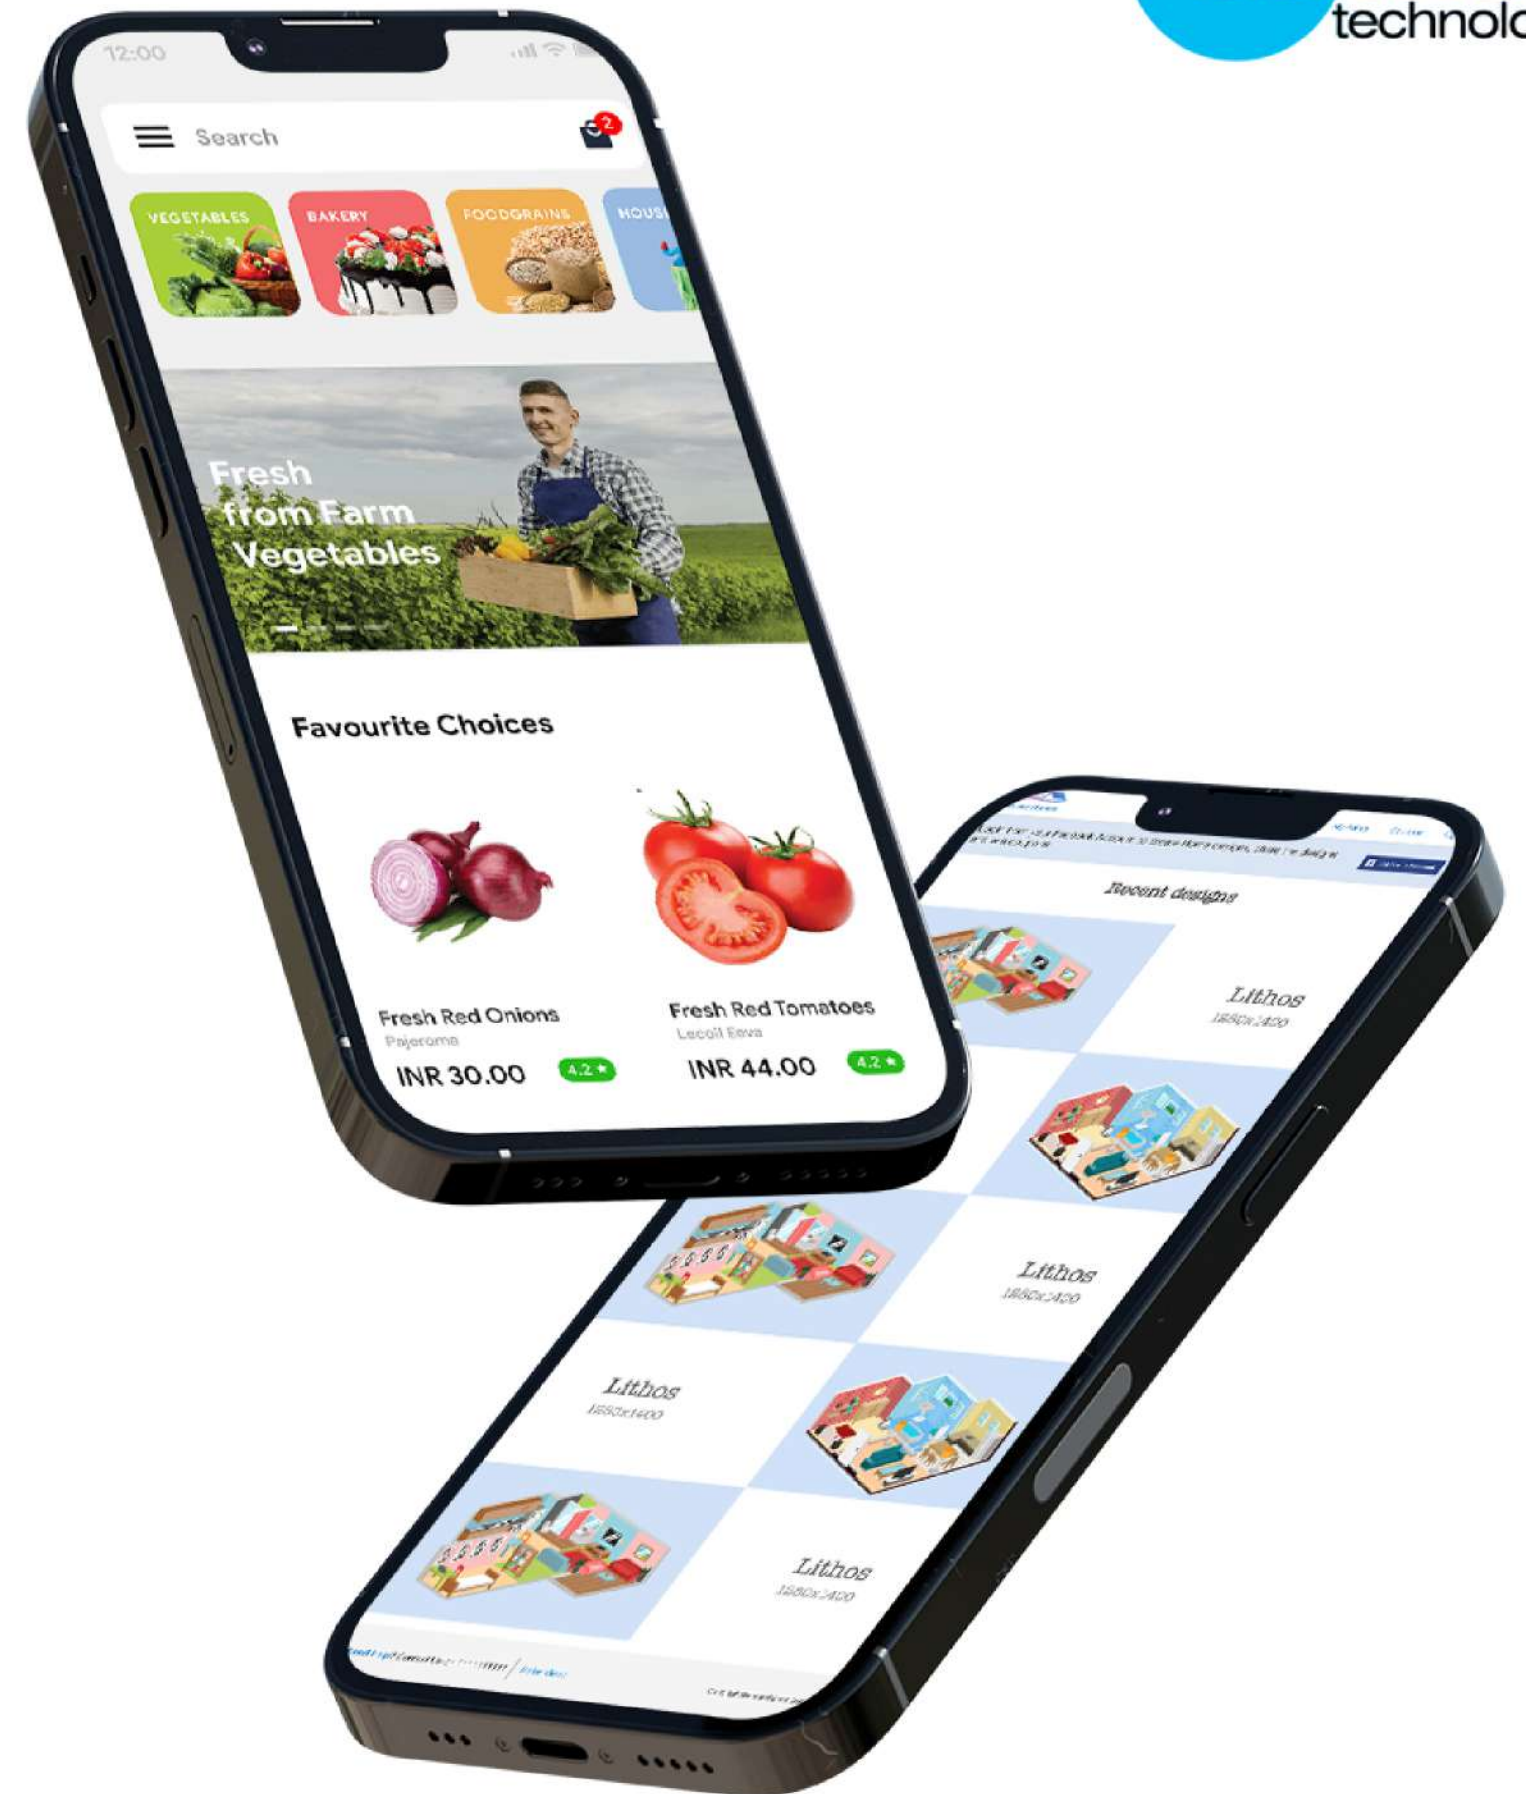

Over the years, we have had the privilege of collaborating with a diverse range of clients, from startups to established enterprises. This includes one of the top automobile clients in the world.

We have a track record of a multitude of successful mobile app projects and other software projects that have helped businesses achieve their goals, enhance their brand presence, and connect with their target audience.

Catasta Technologies: Our Portfolio
